

North Okanagan Hospice Society Board of Directors Vacancy

North Okanagan Hospice Society is a leader in providing palliative care and counselling services with an outstanding reputation both within Hospice House and through our regional outreach programs.

The communities we serve are diverse and we seek to reflect this diversity on our volunteer Board.

Residents of the North Okanagan are invited to submit an expression of interest by way of a brief letter (or CV if applicable) outlining your relevant experience and how you could complement the Board's efforts to ensure the long term viability of hospice services to the North Okanagan.

We are in need of specific skills and expertise in finance, human resources, board governance or community involvement and support services such as fund raising.

Time commitment to the board will vary, but initially from 4 - 10 hours per month can be expected.

Visit our website www.nohs.ca for additional information about the Society. We would also be happy to answer any questions you may have. Please send your questions and expression of interest to nominatingcommittee@nohs.ca by April 30, 2021.

Please consider joining a team of volunteers that strive to make a difference in palliative care.
